Exhibition 2019

Tuesday, June 11

Join us for Student Presentations at 6:30pm

Immediately followed by our **Fifth Grade Recognition Ceremony** and Refreshments

Transdisciplinary Theme:

a theme of global significance in all cultures, which offers students the opportunity to explore the commonalities of our human experience

Where We Are in Place and Time:

the relationships between and the interconnectedness of individuals and civilizations from local and global perspectives

Central Idea: Choices influence health and relationships.

Student groups will research the following topics:

topics must be engaging, relevant, challenging and significant

Cancer	Animal Rights
Depression and Joy	Healthcare

Exhibition marks the transition from elementary school to middle school. Come and share this experience with our fifth graders and celebrate with them as they present this capstone project, which incorporates all that they've learned in the International Baccalaureate Primary Years Program.
